

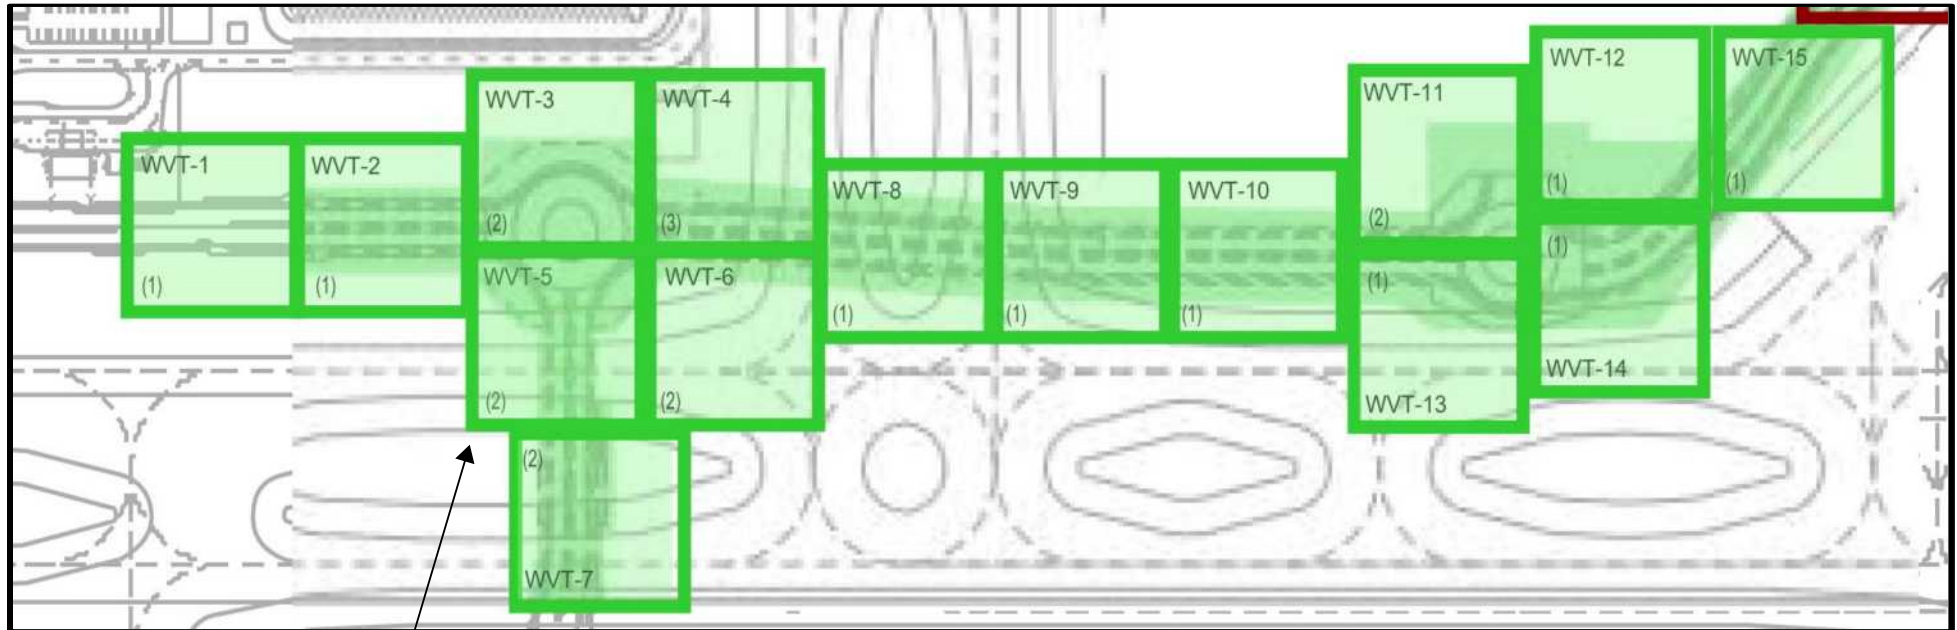

Figure 2.3a - Zoom in Layout of Sampling Grid for Western Vehicular Tunnel

Zoom in

Western Vehicular Tunnel Sampling Grid (100x100m)

Total number of sampling grids: 15

Total number of grid with RBRG exceedances: 0

LEGEND:

- Western Vehicular Tunnel Sampling Grid (100x100m)
- All sampling layer(s) passed RBRG limit(s)

- (1) One sample taken from the depth of 0-3m
- (2) One sample taken from the depth of 0-3m and 3-6m
- (3) One sample taken from the depth of 0-3m, 3-6m and 6m to the bottom of the marine sediment to be excavated
