1 Introduction

The Environmental Impact Assessment (EIA) Report (Register No.: AEIAR-185/2014) prepared for the “Expansion of Hong Kong International Airport into a Three-Runway System” (the project) has been approved by the Director of Environmental Protection, and an Environmental Permit (EP) (Permit No.: EP-489/2014) has been issued for the project under the Environmental Impact Assessment Ordinance.

The first, second, third and fourth submission of Management Organizations has been prepared and submitted in November 2015, October 2016, February and August 2017 respectively in accordance with Condition 2.4 of the EP. The purpose of this updated Management Organizations is to provide the latest information based on the recent contracts awarded under this project. This updated Management Organizations includes the following information:

- a) the management organization of the main construction companies and/or any form of joint ventures associated with the construction of the Project (in Section 2);
- b) the management organization of the Environmental Team (ET) (in Section 3);
- c) the management organization of the Independent Environmental Checker (IEC) and his team (in Section 4); and
- d) organization charts, names of responsible persons and their contact details.

2 Management Organization of the Main Construction Companies

2.1 Advanced Works Contract

Langfang Huayuan Mechanical and Electrical Engineering Co., Ltd. (Contract P560(R)) is the contractor appointed to undertake the diversion of the existing submarine aviation fuel pipelines. Names of the responsible persons and their contact details are set out in **Table 1** below.

2.2 Deep Cement Mixing (DCM) Works Contracts

Penta-Ocean-China State-Dong-Ah Joint Venture (Contract 3201), Samsung-Build King Joint Venture (Contract 3202), Sambo E&C Co., Ltd. (Contract 3203), China Road and Bridge-Sambo Joint Venture (Contract 3204) and Bachy Soletanche-Sambo Joint Venture (Contract 3205) are the contractors appointed to undertake the DCM ground improvement works. Names of the responsible persons and their contact details are set out in **Table 1** below.

2.3 Main Reclamation Works Contract

Zhen Hua Engineering Company Ltd.-China Communications Construction Company Ltd.-CCCC Dredging (Group) Company Ltd. (ZHEC-CCCC-CDC) Joint Venture (Contract 3206) is the contractor appointed to undertake the main reclamation works. Names of the responsible persons and their contact details are set out in **Table 1** below.

2.4 Airfield Works Contract

Fujita Corporation-China Harbour Engineering Company Ltd.-Zhen Hua Engineering Company Ltd. (FJT-CHEC-ZHEC) Joint Venture (Contract 3301) is the contractor appointed to undertake the construction works for the north runway crossover taxiway. Names of the responsible persons and their contact details are set out in **Table 1** below.

2.5 Terminal 2 Expansion Works Contracts

Build King Construction Ltd. (Contract 3501) is the contractor appointed to undertake the construction works for antenna farm and sewage pumping station. Build King Construction Ltd. (Contract 3502) is the contractor appointed to undertake Terminal 2 (T2) automated people mover (APM) depot modification works. Leighton-Chun Wo Joint Venture (Contract 3503) is the contractor appointed to undertake T2 foundation and substructure works. Names of the responsible persons and their contact details are set out in **Table 1** below.

2.6 Automated People Mover Works Contract

Niigata Transys Company Ltd. (Contract 3602) is the contractor appointed to undertake the existing APM system modification works. Names of the responsible persons and their contact details are set out in **Table 1** below.

2.7 Baggage Handling System Works Contract

Vanderlande Industries Hong Kong Limited and Shun Hing Systems Integration Company Limited (Contract 3603) is the contractor appointed to undertake the construction works of baggage handling system (BHS). Names of the responsible persons and their contact details are set out in **Table 1** below.

2.8 Airport Support Infrastructure and Logistic Works Contract

China State Construction Engineering (Hong Kong) Ltd. (Contract 3801) is the contractor appointed to undertake the construction works of APM and BHS tunnels on existing airport island. Names of the responsible persons and their contact details are set out in **Table 1** below.
