## Appendix E. Cumulative Statistics on Exceedances, Environmental Complaints, Notification of Summons and Status of Prosecutions

## Statistics for Exceedances for 1-hour TSP, Noise, Water, Waste, CWD Monitoring

|          |        | Total no. recorded in the reporting period | Total no. recorded since the project commenced |
|----------|--------|--|--|
| 1-hr TSP | Action | 0  | 0  |
|          | Limit  | 0  | 0  |
| Noise    | Action | 0  | 0  |
|          | Limit  | 0  | 0  |
| Water    | Action | Nil <sup>(2)</sup>                         | 0  |
|          | Limit  | Nil <sup>(2)</sup>                         | 0  |
| Waste    | Action | 0  | 1  |
|          | Limit  | 0  | 0  |
| CWD      | Action | Nil <sup>(3)</sup>                         | 0  |
|          | Limit  | Nil <sup>(3)</sup>                         | 0  |

Remarks: 1) Exceedances, which are not project related, are not shown in this table.

## Statistics for Complaints, Notifications of Summons and Prosecutions

| Reporting Period                                     | Cumulative Statistics |                          |              |  |
|--|-----------------------|--------------------------|--------------|--|
|  | Complaints            | Notifications of Summons | Prosecutions |  |
| This reporting period                                | 3                     | 0                        | 0            |  |
| From 28 December 2015 to end of the reporting period | 80                    | 2                        | 2            |  |

<sup>2)</sup> With the completion of land formation works including seawall construction and all marine filling works in the first quarter of 2023, the construction phase water quality impact monitoring was terminated after 31 October 2023. No water quality impact monitoring was undertaken during the reporting period.

<sup>3)</sup> Construction phase CWD monitoring by small vessel line-transect survey supplemented by land-based theodolite tracking survey and passive acoustic monitoring was completed in December 2023. No CWD impact monitoring was undertaken during the reporting period.
